The image shows a Visual Studio Code editor window with three tabs: `index.html`, `# fsjp.css`, and `JS fsjp.js`. The `# fsjp.css` tab is active, displaying CSS code for a pet adoption website. The code includes styles for buttons, categories, the main page, and pet images. The left sidebar shows the Explorer, Search, Source Control, Run and Debug, Extensions, and Settings views. The right sidebar shows the Output and Debug Console views.
